

The Watergate of ODAGAHAMA in 1989.7.23
Note the level of Sand layer in both sides
And it is higher in the left than in the right side

The Same Watergate in 1990.8.24 showing decrease of Sand layer in both sides

The Same Watergate in 1992.8.9 showing more decrease of Sand layer

The Same Watergate in 1992.11.2 showing acceleration of decrease of Sand layer
